LIMITLESS FOUNDATION LETTER FROM THE CEO

Limitless Galaxy,

I cannot believe our first seven months of operation have already flown by. It seems like just yesterday that we met and signed the papers to incorporate and become Limitless Foundation. This year, with your generous support, we were able to reach over \$1,000 items and redistribute over \$5,406 worth of in-kind donations back into the community on a \$500 operating budget.

I have no words other than thank you. Thank you for believing in us, a small group of young people fighting for equitable and accessible healthcare, whose nonprofit started in my literal childhood bedroom closet. Thank you for the many kind words, donations, and support throughout our mission. We are an organization that is genuinely made by the community, for the community, and none of the work we do would be possible without you.

In the midst of one of the most challenging periods our nation has seen, Limitless was able to bring hope to patients, healthcare centers, and more. For that, we are forever thankful. I am incredibly optimistic about where 2021 takes us, and the growth our organization has seen.

Be Limitless,
Christine Nguyen
Founder & CEO
